

SGG Corporate Governance

SGG Corporate Governance

As an entrepreneur, you have at heart the international expansion of your business. However, the growing complexity around international and local legislative frameworks might be viewed as a hurdle to your expansion.

At SGG, we help you to navigate through the changing international tax and compliance landscape through a wide range of advisory, compliance and outsourcing services.

With offices across 23 jurisdictions, our local team of experts can provide you with local A to Z solutions based on your complex needs. Our objective is to take care of the hassle in order to allow you to focus on your core competencies.

We constantly monitor and help your business to implement the rules and regulations that apply to the country in which you operate.

Our Corporate Governance team helps you to set up the appropriate organisation framework and ensures the full compliance of your company at all times by providing a **full-fledge solution**:

Premises

Provision of state of the art Business Center facilities

Personnel

From part time employees to co-sourcing services

Local professional directors
