

Justin Partington
Group Fund Solutions Leader
Group Management Board

Justin Partington is SGG's Group Fund Solutions Leader based in Luxembourg

Justin is responsible for leading SGG's global offering for alternative asset managers across all its jurisdictions, encompassing central administration, AIFM and depositary services.

He has over 18 years of international experience in the alternative fund services sector, including senior postings in Canada, the UK, the Cayman Islands and Guernsey. He is an expert in the operation, delivery and marketing of fund and investment administration in the alternative asset space and through his extensive experience serving on operating company and fund boards, he has gained a unique know-how in serving his clients and anticipating their needs.

Justin is often invited to speak at conferences across Europe and regularly publishes articles on topics including risk management, AIF depositary and AIFMD, and wider fund trends.

Before joining SGG, Justin was the Global Head of Funds and a member of the Executive Committee for another large fund and corporate services provider. He previously led the commercial efforts at group Board level for a high profile European private equity administrator. Prior to that, Justin held several senior roles within private equity and hedge fund services businesses including an in-house position. Justin trained as an accountant with a Big4 firm.
